

To learn more information on Amber, contact Jessica Murphy at Sandusky County DJFS, 419-334-8708 or have your family homestudy faxed to me at 419-355-5329.

*Amber is an 11 year old preteen girl who enjoys spending time with friends, having her hair and nails done, crafts, and playing tetherball. She enjoys many different activities and is a well-rounded girl. Amber gets along well with children her own age and younger, adults, and animals. Amber does very well in school and maintains excellent grades. Her teachers report her to be a pleasure to have in class. She does not enjoy doing homework, but will make the effort so long as help is close by.*

*In order for Amber to achieve success, she needs a moderate level of supervision. Amber would do well in an adoptive home that is loving and nurturing, consistent, firm, and structured.*

*Amber is usually compliant with chores and redirection, however can be resistant at times. She is a very strong-willed girl, who can test the limits.*

*It is preferred that Amber's adoptive family be that of a two-parent home, with a strong male role model.*
